

```
##### Code for URL Extraction
urls = $$('a'); for (url in urls)
console.log ( urls[url].href );
```

```
##### Code for URL Extraction with Anchor
Text (COLOURED)(works for chrome/firefox)
let urls=$$('a');for(url in urls)
{console.log("%c#" +url+" -
%c"+urls[url].innerHTML +" --
%c"+urls[url].href,"color:red;", "color:green;
n;", "color:blue;");}
```

```
##### Code for URL Extraction with Anchor
Text (IE/Edge)
let urls=$$('a');for(url in urls)
{console.log("#"+url+" -
"+urls[url].innerHTML +" --
"+urls[url].href)}
```
